To: United States District Court, Southern District of Texas

I have received your subpoena for documents, dated September 14, 2018, in the above referenced matter which is seeking documents related to the specified case.

I am writing to file my objection to this order that requests documents, electronically stored information or objects, and I do not permit the inspection, copying, testing or sampling of any of this material. I object on the grounds that my information is private and confidential. No one should have access to it without my permission. The subpoena requests disclosure of privileged, private and confidential information, and I do not give permission to access any part or portion of my information. I further object on the grounds that the subpoena requests vague and or ambiguous information for a span of nearly a year. I object to releasing my information because I did not receive this subpoena within the specified amount of twenty one days of time that I legally have for a response. Responding to this subpoena with legal counsel would create a financial burden to me. PLEASE KEEP MY INFORMATION ANONYMOUS AND CONFIDENTIAL.

It is my sincerest belief that I have done nothing wrong and did not knowingly or intentionally violate any copyright laws or benefit in any form financially or otherwise.
